

Developer: www.handy-games.com GmbH
Application Name: Flitzer
Platform: J2ME
Category: Sports
Mode: Single Player

Short Description:

Try to attract the audience's favour with stunts and tricks regardless of any football rules. Charm and your perfect sexy body are your only weapons.

Long Description:

Football and streaking simply go together. So, get off your clothes and start your streak over the pitch. With moves like Pompon-Chick, Tail-Wag or Goalpost-Sucker you'll lift the spirits of the crowd and get lots of precious useful objects from the stands. You can imagine that the officials are not happy about streaking fans and so security guards start chasing you. No risk no fun! Nothing is so fulfilling as playing by your own rules in front of the cameras and millions of fans! Participate in this unique cult game with a definitively high addiction factor!

Features:

- Hilarious game concept with a high cult factor
- Create your own sexy body
- 32 football teams
- Perform the famous egg dance and other tricks
- The spectators rate the fun factor of your stunts
- Special items thrown on the pitch make that you become invisible or run faster
- Endless game and tournament mode
- Sound effects, voice and vibration (depending on device)
- Highscore

Controls/Instructions:

World Cup here we come! As a true Flitzer you get rid of your clothes and dart across the field in your birthday suit. Eventually the audience wants to see a cool show! More Info at: www.handy-games.com.

Game-modes

In the arcade-mode you have to perform as many tricks and hang on as long as possible. You receive points for both. You'll get chased by more and more security as you play. Once one of them gets a hold of you long enough, the game is over.

In championship-mode it's do or die!

You start at the beginning of the quarter-finals. You have to complete 8 games in total. Every game will be protected by more security than the previous one.

Unlock new Flitzer in the championship-mode!

Actions

Arrows mark the playfields' zones where you can perform tricks. Every trick costs you some stamina. The lower your stamina, the slower you get and the easier you get caught by security. Press and hold the action key to perform longer tricks. You get more points for longer tricks. But be aware of the security because you can't escape while doing a trick. Avoid repetition since the audience is keen on a cool show!

Extras

If the audience is enthusiastic about your show, a lot of extras will be thrown onto the field.

Rocket: You move faster!

Coin: Gets you extra points.

Snack: Increases your stamina.

Sphere: You become invisible, security will lose track of you and won't chase you anymore.

Banana: Attention! You might slip over this peel.
