

ANCIENT RUINS

Ancient Ruins I

Tips & Tricks

- Watch out for cases. Some are filled with helpful items.
- The key to the armory is hidden behind the rocks.
- Find the missing pieces of the encyclopedia to get in the library. The key you find there brings you to the lever room.
- You have to lower the drawbridge to find the missing piece of the encyclopedia. Timing is important to move both levers quickly to and fro.
- Pricks are blocking the way in the lever room. A hidden floor switch make them disappear.
- There is a switch in the lava room opens the way to a healing potion.
- The buckler from King Morkus is guarded by an evil skeleton. Try to find as many armor and swords as you get before you start the fight!
- As soon as you have the buckler, parts of the crypt will tumble down. Thus will block old ways and open new ones. Find the way back to the entry!
